Dear Mrs Manley:-

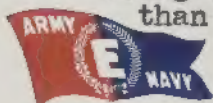

Your letter of the 20th caught up with me here yesterday and I was very sorry that you were not in town when I was in New York recently -- but did have a nice visit over the phone with Abe -- even if we did not make connections at the game there the next night.

It will most likely be some time late in July or early August before I get back that way but you can know that I will drop around for a visit at the first opportunity. And of course it may be sooner -- but you can know I will be seeing you.

Regards the two samples of flannel sent you by Mr Robb -- the triple X is the finer grade -- also costs more -- about seven dollars a uniform -- but I like the ML for the uses such as your club has to put it to -- it really is tough and durable -- also looks very good from the stands.

If you do decide to order before I get there write direct to Mr Robb -- as he has all the dope -- it will save time -- the triple X will cost \$ 28. 00 complete -- five pieces -- shirt, pants, belt, cap and sox -- the M L will run you about \$ 21.00 using the same top grade sox and caps.

The bat situation is really acute -- there may be some break in the seriousness of it if a development I have word about goes thro within the next thirty days -- if that does come along will let you know first thing -- but bats are even tighter than baseballs -- except in baseballs I did or rather the company did take care of protecting both the Colored Leagues -- having the contracts being the big aid.
